

Reba Plummer

I am dedicated to the Worker Co-op Movement and I would like to continue on the board of CWCF.

I live in Toronto and I am the Ontario Region Director. I have worked at Urbane Cyclist Co- operative

since 1999. I completed the Co-op Management Certificate through On Co-op at the Schulich School of Business in April of 2010. I have been a member of the Toronto cycling community since the mid 80s, and was the 1999 and 2008 Cycle Messenger World Champion (cargo bike racing division). In 2002, I worked as the mechanic/teacher with Open Roads, the funded version of what became the popular volunteer-run Wenches with Wrenches. I joined the CWCF board in 2010, and was elected President in November 2016. I recently completed a contract position with ON Co-op (now OCA) as the GTA (Greater Toronto Area) Regional Manager. Although the paid position has ended I continue to volunteer in the co-op community. I was elected to the Board of The Co-operators for the Ontario Region in April 2018.

I will continue to work to advance worker co-ops, the worker co-op movement and co-ops in general. The time on the board has expanded my knowledge of co-ops across Canada and around the world.

Please consider my candidacy for the board.

Thank-you!
